## THE SCHOLARSHIP PROGRAMME

With the **Hans-Peter Wild Talent Scholarships**, Heidelberg University supports talented and motivated students from Germany and abroad as of their very first semester. Prospective students can apply for a scholarship when submitting their application for a Bachelor's or Master's programme in a **MINT** subject [mathematics, informatics, natural sciences, technology] at Heidelberg University.

### PREREQUISITES

- You are interested in a Bachelor's or Master's programme at Heidelberg University in the field of mathematics, informatics, the natural sciences, or technology [MINT].
- You are applying for a MINT subject for the first semester and you have not yet completed or will complete a course of studies at Heidelberg University before commencing your studies.
- You have an educational or university degree with above-average results.

### YOUR BENEFITS AT A GLANCE

- 1,000 euros per month to study without financial worries
- In the ideal case, support through completion of your degree
- Your talents fully unfold right from the beginning
- Become part of a network of national and international students
- Benefit from interaction with other scholarship recipients and spark ideas for interesting projects
